

THE MALTA INTERNATIONAL FIREWORKS FESTIVAL 2009

The Malta International Fireworks Festival 2009 will be held on Thursday 30th April and Friday 1st May at Malta's Grand Harbour – a perfect setting for such an occasion, surrounded by bastions and fortresses. Spectators will be at Valletta – Malta's capital city – a world heritage city.

Malta is considered as the “island of fireworks”. More than 35 fireworks factories produce their own fireworks for their annual celebrations in honour of their village's patron saint. The Maltese Fireworks Companies are not commercial but all pyrotechnicians work on voluntary basis and fireworks is their passion.

It is well known throughout the pyro-world that certain fireworks which one can enjoy in the island of Malta are unique and that's why it's a must for every fireworks enthusiast or pyrotechnician to be in Malta for at least once in a lifetime.
